

# SCAN HANDLE FOR ZEBRA MC40

## Upgraded scan performance

Front view

Side view

Mobile device with handle mounted (MC40 not included with delivery)

The TISPLUS Scan Handle increases the ergonomics of your MC40 during data capturing and improves the productivity of the user during the scan process. It offers easy mounting and a secure lock mechanism combined with an appealing design.

Combine the smartphone style MC40 with the TISPLUS Scan Handle into a powerful data capturing unit.

### AT A GLANCE

- Easy installation, MC40 simply slides into the TISPLUS Scan Handle; The locking mechanism fixes the MC40
- Easy disassembly without tools by the push of a button
- The TISPLUS Scan Handle is specially provided with a protective rubber boot for the MC40 to provide the best protection for your device during use
- The MC40 scanner is operated via a robust mechanism

### ITEM NUMBER

**23-40-09-TG** Handle only (MC40 device not included, rubber boot SG-MC40-RBOOT-01R required)
